Judy Schmidt Lifetime Achievement Award Presented to Mason Branstetter

By Steve Ritchie of 'Our Town'
Reprinted with permission

In 1996, the Silverton High School Alumni Association decided to award its first scholarship. Association founder and longtime secretary Mason Branstetter, SHS '63, recalled it was a quite humble beginning.

"Given the fact that we only had \$900, we thought that we could only give out \$50," Branstetter said. "We established a policy of putting our emphasis on growing the principal and giving out only earnings as scholarships. I was embarrassed with the \$50 amount, so I added a matching donation so that our first scholarship in 1996 we \$100."

More than 20 years later, it is a different story. In 2016, the SHSAA awarded more than \$65,000 in scholarships.

"Since 1996, we have awarded \$734,300 to 957 SHS alumni while growing our investment principal from \$100 to \$1,050,000", Branstetter said.

The growth and impact of the alumni association's scholarship program over the past two decades is amazing. It also makes Mason Branstetter a more than worthy recipient of the Judy Schmidt Lifetime Achievement Award from the Silverton Chamber of Commerce.

Among those nominating Branstetter for the award was David McColly, who wrote, "Without Mason, I don't think this (scholarship) program would exist."

Noting the contributions of time, money, materials, office space and office staff help that Branstetter provides through Silverton Realty, Jeanette and Stanley Olafson concurred that, "None of this would be possible without Mason's help."

The December 2013 issue of the Silverton Alumni News featured an article on the SHSAA reaching its "Million Dollar Goal," and noted, "Collectively, we can now boast that we have one of the strongest high school alumni associations in the state ..."

Branstetter, who seems reluctant to claim much credit for the group's success, says, "The SHSAA has been tremendously successful because of a team of dedicated SHS alumni."

That team was not in place in 1993 when the 30th reunion of the SHS Class of 1963 was held. Reunion organizers, including Branstetter, had \$900 left over after expenses and wanted to use it for the benefit of the high school, but realized the funds would not go far. They decided to put the money aside for scholarships. Branstetter admitted progress was slow at first because "there were only three members of the Alumni Association - me, myself, and I."

"Around 1996 the Silverton 'rumor mill' went to work, some fellow SHS Alumni approached

me, and we really started getting something accomplished to establish and grow the SHSAA. This proves that it takes a team to get things done. As we gained more members of the board of trustees, they volunteered and assumed individually and collectively the responsibilities for the many necessary functions and positions to make a successful organization. The SHSAA organization started its phenomenal growth."

As someone with a long and distinguished military career, first in the Oregon National Guard and then the U.S. Army, Branstetter was well-acquainted with building a team, as well as planning, organizing and implementing the plan. He found the SHSAA helped him continue his deep commitment to service in civilian life. "(One thing) most military retirees talk about is living in an environment that lacks a sense of brotherhood and duty," he said. "The SHSAA has helped fulfill that need."

Mason has been married to Marcia Brooks Branstetter, a fourth-generation native Oregonian, for 49 years. The couple, who have four children and 12 grandchildren, returned to Silverton in 1989 after Mason completed 26 years of military service, which involved 16 moves in 22 years. Branstetter said their moves were good preparation for the couple eventually purchasing Silverton Realty.

President's Message

By Tia Purdy '82

As I sit here and reflect on what to write, I am in awe of the position I am holding for the Silverton Alumni Association. When I joined the board of trustees a few years ago, I was comfortable with adding input to the meetings and helping in functions as needed. What a wonderful group of people to work with. But now as the president, I am more aware of what the original members and boards have done.

Through the generous donations of many Silverton High School Alumni and friends they have given out scholarships to the youth of our area. My own daughter received one as a senior a few years ago. It takes a lot of money to attend most colleges and every amount of support helps. She has graduated from Oregon Institute of Technology and now works in our community.

My Class reunion is this year so I am reflecting on how much things have changed at Silverton High School in the last 35 years.

Many from my graduating class are parents and grandparents. We are looking towards retirement and travels. Silverton High School was a foundation for our futures and memories.

I would love to see more people take part in the annual Auction Fundraiser. This is a wonderful

event that raises money for the Alumni Association. It also is a great way for a class to have a reunion without having to reserve a venue or set up catering. The Alumni Association has that already covered for you. It is always held on Friday during Homer Davenport Days. Please consider this if you have a reunion or you just want to meet up with your classmates. Ticket information is on pages 10-11.

Paula Magee

Paula began her dance training in Southern California at an early age. She trained extensively in ballet, pointe, jazz, tap and contemporary with many Los Angeles dance luminaries, furthering her education at University of California Santa Cruz and Texas Women's University. She became a much sought after teacher throughout Los Angeles and Orange County, later accepting a 2-year teaching position in Dallas, Texas.

27 years ago, Paula made the "best decision of her life" to move to Silverton, and opened Silverton Ballet & Performing Arts Co. At that time, she could not imagine that Silverton Ballet would train thousands of dancers, many of whom would go on to pursue successful careers in dance. Shortly after opening Silverton Ballet, Paula was asked by Dick Kromminga to coach the Foxes Dance Team. She happily accepted, being thrilled to give dancers a place to compete, perform, and shine among their peers. While Paula is proud of the 5 State Titles the Foxes have brought home, she says she rarely remembers the trophies, but always remembers the kids!

Through these years of coaching and teaching there is a constant thought that Paula tries to instill in all of her dancers: Life is an improvisation as much as it is precise choreography. There is room for both! Falling flat on your rear is OK! In fact, we all make mistakes, and many of us make a lot of them. Plenty of things can be learned by trying, readjusting, and trying again. Embrace the journey ... lead the dance, and never let that dream of yours fall out of your pocket.

Dan Magee

Berry Picker, Lawn Mower, Gas Pumper, Disc Jockey, Auto Detailer, Farmer, Business Owner, Landlord, Builder, Chamber of Commerce Officer, Police Officer, and Security Officer: He has held all of these titles but if you ask him his greatest accomplishment, it was convincing Paula to marry him.

Dan first came to Silverton when he opened Daniel Todd Clothiers in 1985 following the opening of the original storefront in Stayton in 1984. Prior to that, he tried his hand at farming. In 1998, Dan joined Silverton Police Department as a Reserve. This opened the door and he was hired as security at Silverton High School in 1999.

Dan was instrumental in designing the current systems in place for the safety and security of SHS students and staff. Additionally, he has worked closely with administration on all aspects of student safety, providing an informed voice in a variety of areas.

Through the years Dan has received multiple awards and accolades from The Silverton Police Department, the Silverton Chamber of Commerce, the Silver Falls School District and the Red Cross. Most notably was his selection as 2014 Classified Employee of the Year and his receipt of the "Red Cross Hero Award" for assisting in life-saving CPR when a referee experienced a heart attack in this very gym (SHS).

Dan's focus has and continues to be a school community built on a culture of respect for one another. This concept, coupled with opportunities for students to learn from mistakes and move forward as productive citizens, has been the cornerstone of Silverton High School.

Snowbirds ... and Ex-Snowbirds

By Judy Nunn, Editor

Are you still a snowbird? Some of you have reported not receiving your copy of the newsletter. I have a list with different addresses for June and Dec. for several of our alumni.

All were changed from their home address to their "away" or snowbird address for the December Newsletter.

Please!! If you no longer leave your home address during the winter, let me know. It would be a good idea to send me your current travel dates so I have an updated list.

As a guideline, the June newsletter is sent the third week of May; the December newsletter is mailed the third week in November.

Thanks for your cooperation!

Solar Eclipse Coming Aug. 21, 2017

By SHS High School

Journalism Team:

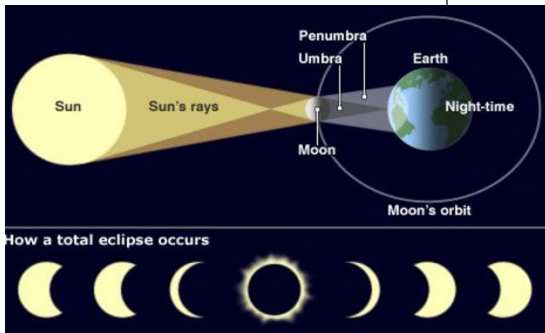

Author Isabelle Doan '18

Photographer Ben Amsden '18

Editor Amelia Underhill '19

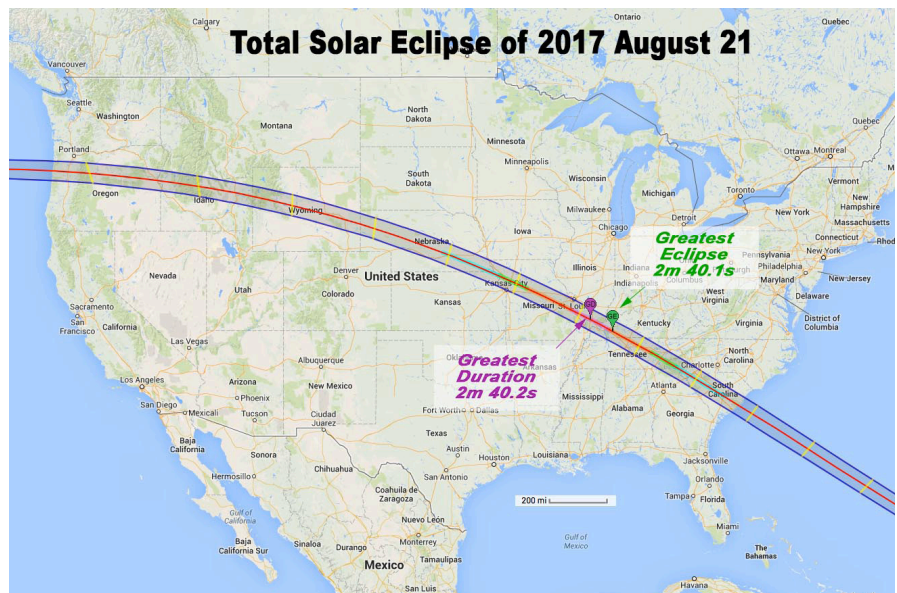

In the small town of Silverton, Oregon, an even smaller team of 25 high school students and four teachers have come together in the name of science. At Silverton High School, this team prepares for a once in a lifetime opportunity: the chance to see and film a solar eclipse. Silverton High is one of only seven high schools in the United States that are able to piece together a “package” containing everything that’s needed to record data of the total solar eclipse passing over Silverton and the rest of the United States on August 21st.

A total solar eclipse is a type of eclipse that occurs when the Moon is in perfect alignment with the Earth, causing the Moon to cast a shadow of itself onto the Earth’s surface.

The solar eclipse being visible in the United States is pretty phenomenal, but that’s not the best part; the total solar eclipse will be visible from the West Coast to the East Coast, but only in specific areas, so lucky towns like Silverton can get some recognition.

There are only 55 teams in the U.S. that are able to record data

Path of the total solar eclipse over the U.S., map from NASA - Total Solar Eclipse

with the materials that NASA has given them. Some of these teams are college teams, some are high school. Most of these teams have already done test launches, and Silverton is making an impact with their building and launching skills.

On the day of the official launch, August 21st, the camera attached to the balloon being sent up 100,000 feet into the air - *which is nearly three times the height airplanes are allowed to fly* - will film the solar eclipse live, send the data back to the Silverton High students, and then on to NASA. With this data, NASA plans to create live-streamed footage of the total solar eclipse, which will be located on their website during the day of the eclipse.

Today, on April 15th, the build team is focusing on the cut down timer that will release the package, which contains the camera collecting data with the modem, the tracker, the cut down component sensor, and the secondary cut down. This team has run into some issues concerning the communication between the camera and the satel-

lite, which they are attempting to fix through analyzing their process of putting the two together to catch their error. This process in any science experiment is crucial in finding and correcting errors, allowing for a smooth execution of collecting data.

Below we have senior Gavin Owings and Levi Willmeth from

Senior Gavin Owings and Levi Willmeth from OSU LBCC

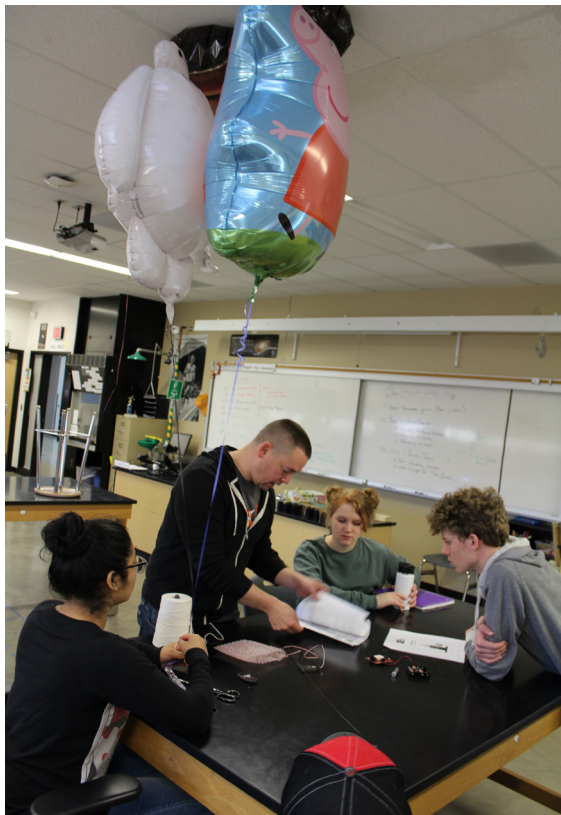

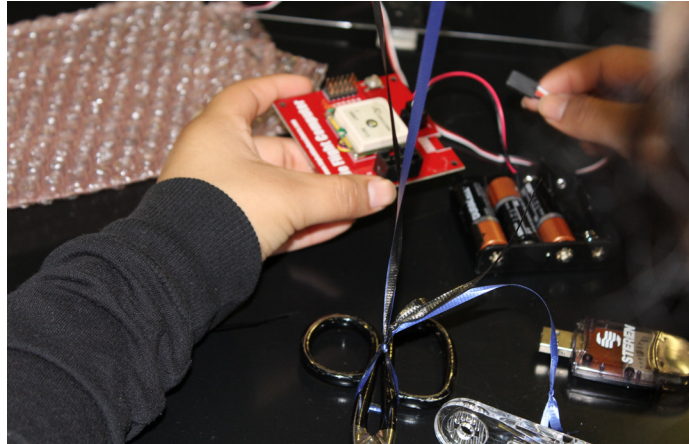

OSU LBCC working on the communications between the camera and the satellite. Levi Willmeth graciously joined Silverton’s NASA team on April 15th to help the build team understand errors that were made, as well as to give the Launch and Journalism team constructive advice.

Silverton HAB is making phenomenal progress in understanding “what to do next.” The launch team is focusing solely on getting the tracker up and running in order to find all of the equipment used on the day of the launch. The launch team is doing this by sending the tracker 150 feet into the air -- April 15th -- using giant balloons shaped like Peppa the Pig, Baymax, and other friendly characters.

Below, the balloons and the launch team are visible, working on the step by step process of properly testing the tracker without losing it.

Some sources of error considered included wind speed, weight of sensor, string type, environment -- *were there trees in the way?* -- and grasp of string. Some of these errors occurred and caused a slight setback, but that’s the whole purpose of trial and error: to fix any sort of problem thrown in the way.

Below, junior Carolina Gaspar (a member of the launch team) is seen learning the functions of the tracker and how to get it up and running. The tracker is crucial in the procedure of launching the camera, because when the cut down timer cuts the package from the balloon, the chase team will need to know where to find it. The tracker will also collect what is seen when and where.

Calling All Alumni!!

By Tracy Duerst

We need volunteers to help continue the mission of the Alumni Association. The Silverton High School Alumni Association awards thousands of \$\$'s of scholarships each year to help our students further their education. We need your help to continue to grow our Association and increase our scholarship funds.

This is a great way to get involved and make a difference in your hometown, even if you no longer live in Silverton. Most positions only take a few hours per month and can be performed from home if you have internet access. Here is a list of areas in which we need help:

- Trustees and Officers
- Finance Committee Members
- Volunteer Recruiter
- Website maintenance
- Facebook management
- Assistant Newsletter Editor
- Alumni Access Database
- Management & Maintenance
- Fundraiser help
- Homecoming parade and
- Activities chair
- High School Display Case

If you or classmates you know have the skills to help in these areas, please let us know and we can provide more information on the specific tasks involved. If you are interested in one of these positions, please contact one of our Trustees or Officers.

“Many hands make light work”! Although this list may seem large for our organization, we have thousands of SHS Alumni, and many with the skills that would truly benefit our organization.

Please consider volunteering to help us ensure the Alumni Association continues to grow for future generations!

Attention Classes Planning Reunions

Is *YOUR* class planning a reunion for 2017? Check the list on page 3 of this newsletter! There is no charge for publishing these articles.

Many classes have a reunion every five or ten years. We have been working with class reps to update addresses for all alumni.

One of the services the Silverton High School Alumni Association provides is a mailing list for your use. *But we need your help in keeping it up-to-date.* Request your class address listing from the Alumni Association and compare it with yours, and we can help figure out who has the most recent addresses. We can also publish a list of missing classmates in the newsletter. Some are listed in this newsletter. If you recognize any in those lists, please contact either the rep listed within the article, or SHSAA (see below).

If you provide us with the current addresses for your class, we in turn send out a newsletter to all your classmates. Paid membership is \$5.00 per year, but we send complimentary copies to those who are having reunions in the current year. Included in every newsletter is a membership form.

Want to make it easier to hold a reunion? Plan your reunion for the same date as our Alumni Fundraiser and meet with us. SHSAA arranges the venue and sells the tickets. All you have to do is invite your classmates, and that is also part of this newsletter. Check out the Fundraiser information on pages 10-11.

Why spend your time looking for just the right restaurant or planning a banquet and having to collect the fees? By holding your reunion as part of our Alumni Fundraiser dinner, you will see folks from other

classes in addition to your own. SHSAA sells the tickets, and all you have to do is attend and enjoy yourself and your classmates.

Your attendance also helps SHSAA raise money for scholarships. As you'll see in the Fundraiser information pages, we hold a silent auction. Local merchants and businesses donate merchandise and/or gift certificates for our silent auction. Handmade items from SHS Alumni add to the silent auction.

Many classes like to meet with "just their class", so we suggest a picnic at the park or at someone's home the next day. There's not much to plan for that part.

Contact Judy Nunn, 4728 Jade St. NE, Salem, OR 97305-3138. Email address is:

Nunnjk@comcast.net or you can mail a printed list. Email is encouraged, faster, easier, and cheaper! Please put "alumni" or "reunion" and your class year in the subject line. The deadline for articles for the December 2017 issue is October 17, 2017.

Annual Meeting Sept. 19, 2017

By Judy Nunn

At our annual meeting in September, we will be electing new officers. Would you like to get involved? We are looking for several committee positions as described on page 13 of this newsletter.

Contact any of the officers listed on pages 2 and 3, and join us at the next meeting. We would welcome your help.

70th Birthday Party – Class of '65

By Jean Kent

We had such a great time at our 50th class reunion that the reunion committee decided not to wait another five years to gather. Since most of us have either reached or will reach our 70th birthday this year, we have planned a birthday party.

Party is planned for Saturday, August 19, 2017. The event will be held at the home of Mike and Mary Grant:

14265 Downs Road NE

Mt. Angel, OR 97362

Social hour: 4 p.m.

Dinner: 6 p.m. (Prime Rib or Salmon)

Cost: \$35 per person

Register at our website:

70-years.com to purchase tickets and for more information.

This weekend also coincides with the total solar eclipse on August 21. Mt. Angel and Silverton will be in the direct path of the eclipse.

When Do We Meet?

Our Alumni Association is getting stronger because of the volunteers who keep it growing. Often we are asked if there is anything that someone can do to help out or attend our meetings. Presently we are looking for someone to assist with data entry - mainly address changes. We also need help with the website that can be done from anywhere in the world.

Monthly meetings are held the third Tuesday at the Silverton Realty Conference Room upstairs at **303 Oak Street and start at 5:00 p.m.** and normally last about an hour. A current schedule can be found on our website: www.shsfoxes.com. The schedule is also printed in this issue of the newsletter, page 15. Anyone and everyone is invited to attend the meetings. *Note we usually skip December.*

If you have questions, please feel free to contact: Mason at (503) 873-3545 or Email: mason@silverton-realty.com or Judy at (503) 390-3816 or Email: Nunnjk@comcast.net.

Please note the dates for our Alumni Fundraiser for 2017. We need volunteers to help in the booth in the park. One hour time slots are suggested. This is a fun time as many SHS alumni are in town and stop by the booth. We sell Tshirts, sweatshirts, caps and other items at the booth. People stop by to see if their dues are up to date, or change an address. Many just like to stop by the Alumni booth and visit!

Note: The BBQ Party for volunteers and board members is actually a pot luck by those in attendance. *NONE of the SHS Alumni funds are involved.* So come and join us the weekend of August 4th to the 6th. Join in the fun and help us with the fundraiser on Friday night. Help in the booth in the park any day. All volunteers are welcome to join us for the pot luck on August 15. It will be held at the home of SHS Alumni Tracy Duerst. For more information, contact Mason or Judy.
